Subject ICYMI 2-1 am update

As a note, I just got back from delievering yesterday's video clip to DAGS so it should be up by this afternoon at the latest.

I covered the 9 am commerce, consumer protection and affordable housing, and human services committees

http://www.capitol.hawaii.gov/session2008/hearingnotices/CPH-HSP_02-01-08_.htm

With a focus on the following bills: SB 3006, 3007 3008, and 3009

This hearing had a lot of the administration's bills in it, but the committiee was inclined to agree with much of what was said by the department representatives, adn they werent saying anything too crucial. Aside from a mild exchange of little importance between two of the senators, little more ICYMI material occurred.

This afternoon i am attending the 1:15 commerce, consumer protection and affordable housing and health committees:

http://www.capitol.hawaii.gov/session2008/hearingnotices/HTH-CPH_02-01-08_.htm

With a particular focus on SB 3083 making an emergency appropriation to the HI health systems corp. This should be an exciting bill and i am looking forward to covering it.

If time and battery life permits (the best hearings are usually the longest) i will also try and cover a 2:15 house committee on education hearing:

http://www.capitol.hawaii.gov/session2008/hearingnotices/edn_02-01-08_.htm

Focusing on the following bills: HB 2794, 3219, 3221.

Finally, there is that saturday morning hearing, I am still waiting for word on whether or not i need to make time to cover this (I have other obligations that day, but can certainly work around them), Travis said that it's a big innovation bill, but he's not sure how critical it is to cover now, and that he'd let Russell weigh in on it:

http://www.capitol.hawaii.gov/session2008/hearingnotices/EDT-EDU-HSP_02-02-08_.htm

it has the following important bills: SB 2480 and 3168

That's it from ICYMI headquarters!

Subject ICYMI afternoon update 2-1 and 2-4 hearing preview

The 1:15 meeting took a while to get to our big bill, so i was unable to attend the 2:15 hearing, as it is nearly three and i have a couple good clips to edit. Nothing wild, but good stuff from our guys.

J.P. Morgan gave good testimony regarding health insurance companies on SBs 2846 and 2120.

Also in a late addition, Dr. Fukino spoke on an administration bill, which could make for a very good clip as well.

Tom Driscle from HHSC gave good testimony in support of our SB 3083 giving emergency money to the hospitals.

I would say that the Fukino and Driscle clips would be good, JP's testimony really wasn't on anything of great importance (of course that may just be me talking).

FOR FEB. 4

I will be attending the 9 am joint Transportation and Water, Land, Ocean Resources & Hawaiian Affairs committee:

http://www.capitol.hawaii.gov/session2008/hearingnotices/TRN-WLH_02-04-08_.htm

With a focus on the following bills: HBs 3415 and 3406, both are administration bills, HB 2893 will also be interesting as it relates to the superferry.

I will then attend the 1:15 joint Education, Energy and Environment, and Transportation and International Affairs committee:

http://www.capitol.hawaii.gov/session2008/hearingnotices/EDU-ENE-TIA_02-04-08_.htm

With a focus on the following bills: SBs 2227, 3170, 2571, and 3252

Finally, I will attend the 2:45 Human Services and Public Housing Committee:

With a focus on the following bills: SBs 3119 and 2916

That's all from me, let me know if you have any thoughts.

Subject ICYMI 2-4 am update

9 am joint Transportation and Water, Land, Ocean Resources & Hawaiian Affairs committee:

http://www.capitol.hawaii.gov/session2008/hearingnotices/TRN-WLH_02-04-08_.htm

With a focus on the following bills: HBs 3415 and 3406, both are administration bills

Two, maybe three good clips from this hearing. One is a question from a transportation committee member to Brennon Morioka regarding HB 3145, another is Morioka giving testimony about HB 3046 (commercial harbors modernization) calling it "landmark legislation", lastly Morioka and Aloha Tower Delevopment Corp were asked by the comittiee what their working relationship will be, it may be too lengthy, but i will see if i can cut it down so that it still makes sense.

For the afternoon:

I will attend the 1:15 joint Education, Energy and Environment, and Transportation and International Affairs committee:

http://www.capitol.hawaii.gov/session2008/hearingnotices/EDU-ENE-TIA_02-04-08_.htm

With a focus on the following bills: SBs 2227, 3170, 2571, and 3252

Followed by the 2:45 Human Services and Public Housing Committee:

With a focus on the following bills: SBs 3119 and 2916

Nothing of great interest here, some emotional testimony from a packed house on the pesticide bill, but nothing ICYMI worthy.

Subject In This Issue: Dr. Pothole's Identity Revealed!!!

Hiya Ashley!

Sorry for the delay! You probably already figured this one out, but the secret identity of Dr. Pothole is mild-mannered Dr. Amy Brown, an associate professor of medicine at UH. She's was profiled in an Advertiser article on Sunday [<http://www.honoluluadvertiser.com/apps/pbcs.dll/article?AID=2008802030355>] and again this morning [<http://www.honoluluadvertiser.com/apps/pbcs.dll/article?AID=2008802050328>]. I wonder what her super-powers are? =)

This should be all we need. The cable on the microphone is a XLR from the mic to a 1/4" male plug. This 1/4" female to XLR male adapter should bridge the gap between the 1/4" cord and the camera's female XLR audio input. Oh yes, I've been researching.

Let me know what you think!

Easy for you to say!!

It's only 8 bucks! I say get it now. Let me know if you need a credit card to order it on... or if you can buy one locally, that would be better. If you want, just add it to your receipts for reimbursement and we'll take care of it that way.

Just let me know.

Good job!!

This was a disappointing hearing, it took 2 hours through the 6 bills before ours, and by then only the chair of the committee was left. I got a couple clips of the DHS director saying nice things about our initiatives, other than that it was surprisingly dull.
