Subject SB2324 and HB 2066 - Relating to Law Enforcement

History:  This message has been forwarded.

Dear Governor:

There are two bills referenced above that requires the deputy director for law enforcement and the State Sheriff to have graduated from a law enforcement academy to assure that the leaders of our State law enforcement agencies are qualified and have appropriate law enforcement knowledge. This would still allow you, as Governor, to appoint persons who you deem to be qualified to lead State law enforcement, but establishes a minimum qualification to best serve the interest of public and officer safety.

I hope your administration can support this effort to reduce the State's potential liability and assure a quality State law enforcement presence in Hawaii.

Mahalo for your consideration.

Susie Chun Oakland
